The map interface includes a sidebar on the left with icons for location, messages, information, and help. A top navigation bar contains a search bar and utility icons. A search box in the top right corner is set to 'Next two weeks' and contains the text 'Search location'. The map itself shows a network of roads with several roadwork markers: yellow triangles with traffic lights, green triangles with a tree, and red circles with a red bar. A purple line traces a route through the area, and a red line highlights a specific road segment near Aston le Walls. Labels on the map include Wormleighton, Upper Boddington, Lower Boddington, Aston le Walls, Byfield, West Farndon, and Eydon. Road names such as Welsh Rd, A361, and Bannbury Rd are also visible.
